**SDG Junior Ambassador Programme – Guider and Peer Educator Workshop**  
**(Note: Workshop would be conducted in Cantonese)**

**Introduction of SDG Junior Ambassador Programme**

The Sustainable Development Goals (also known as Global Goals or SDG) were agreed by global leaders at the United Nations in 2015 to shape the future of the world, and bring countries together to continue the work started by the Millennium Development Goals. The 17 new Global Goals represent an ambitious agenda to end poverty, fight climate change, and tackle all forms of inequality by 2030. In response to the Goals, the Hong Kong Girl Guides Association will collaborate with JCI Hong Kong Jayceettes to launch the “SDG Junior Ambassador Programme”, with the theme “Environment, Health and Well-being”. Through participation in SDG trainings, not only will the Brownies be able to enhance leadership skills, this will also encourage promotion of the United Nations SDGs at the community level and become a keen advocate to promote actions that respond to the goals.

**“SDG Junior Ambassador Programme” – Learning Goals**

1. To have a better understanding of the significance of the 17 SDGs in their own lives
2. To understand they are part of a global movement and their participation is important
3. To indentify what goal(s) they care about and how they can make a difference as Junior Ambassadors
4. To sharpen their activity planning skills and communication skills

The programme is for Brownies which consists of 5 one-hour-sessions, to explore 4 of the SDGs, including SDG 3 (Good Health & Well-being), 6 (Clean Water and Sanitation), SDG 7 (Affordable and Clean Energy) and SDG 13 (Climate Action), Through studying the goals, this will sharpen their activity planning skills, communication skills, and prepare to implement these goals in the community.

We will recruit Brownies to become the "SDG Junior Ambassadors", as well as Guiders and Rangers to be the "SDG Junior Ambassador Leaders and Peer Educators". Through participation in SDG trainings, we encourage the promotion of the United Nations Sustainable Development Goals at the community level and become a keen advocate to promote actions that respond to the goals.
