

★ START ★

Your first day at school – invent a creative yell of joy in your group to celebrate education.
You are a very slow learner - skip your next turn.
It's a school assembly on the importance of education - sing a song.
Weekend! You don't have to go to school. Nothing happens.
The teachers go on strike – stay where you are for the next turn.
You studied well – go forward three squares
Biology class – name 20 different fruits. If you cannot find 20, go back 3 places. If you can name 20, go forward 2 places
You have to stay home to help your parents – skip one turn

Holiday! You don't have to go to school, nothing happens
--

Literature class – tell a short story. But each person in your team can say only one word at a time. So the first person starts with one word, the second continues and so on to make sentences taking turns in the group. If you manage, move forward 2 places.
Weekend – you don't have to go to school, nothing happens
You live in a country where boys are considered more important than girls – go forward one square for each boy in your team, move backward one square for each girl.
Maths class – in your group take turns to say a number counting from 1 to 50 but you have to skip every number that contains the digit 7 (7, 17, 27, 37, 47) and each number that is a multiple of seven (7, 14, 21, 28, 35, 42, 49). If you make a mistake, go back 2 places.
Your new teacher explains lessons very clearly – go forward 2 squares

War breaks out in your country – schools are closed – skip one turn.
Teacher convention – school is closed. Nothing happens.
Competition in school is fierce – play paper, scissor, stones with the next team. If you win, you can play again. If the next team wins, they go next. *
Geography lesson – if you can name 7 countries starting with the letter B, you can roll the dice again. Otherwise go back 2 squares.
Public holiday – you don't have to go to school. Nothing happens.
Language class – say 'hello' in minimum 5 different languages. If you succeed, continue 2 places. Otherwise you stay where you are.

Your sister gets ill and you have to stay at home to take care of her – skip one turn.
--

FINISH ★

You graduated from school – congratulations!!
You want to go on a school trip but you don't have the money – another team can donate their turn to you – if another team donates their turn move forward, if not stay where you are.
Preparation for final exams – if you manage in your team not to say one word till you are in your next round, go forward 2 places and complete your education. If any one of you says a word before you roll the dice in your next turn, you have to go back 4 squares.
